

Lipo Control

Formula supported by clinical studies

Optimum blend of fibers that work synergistically to reduce cholesterol levels in the coronary system.

Lipo Control is a mixed fiber dietary supplement containing all natural fibers: Chitosan, Apple Pectin, Glucomannan (Karaya Gum) and Psyllium.

It helps to increase the good cholesterol (HDL) and decrease the bad cholesterol (LDL) levels in the blood. Using all natural fibers, the formula does not produce the unwanted side effects that synthetic medicines can produce.

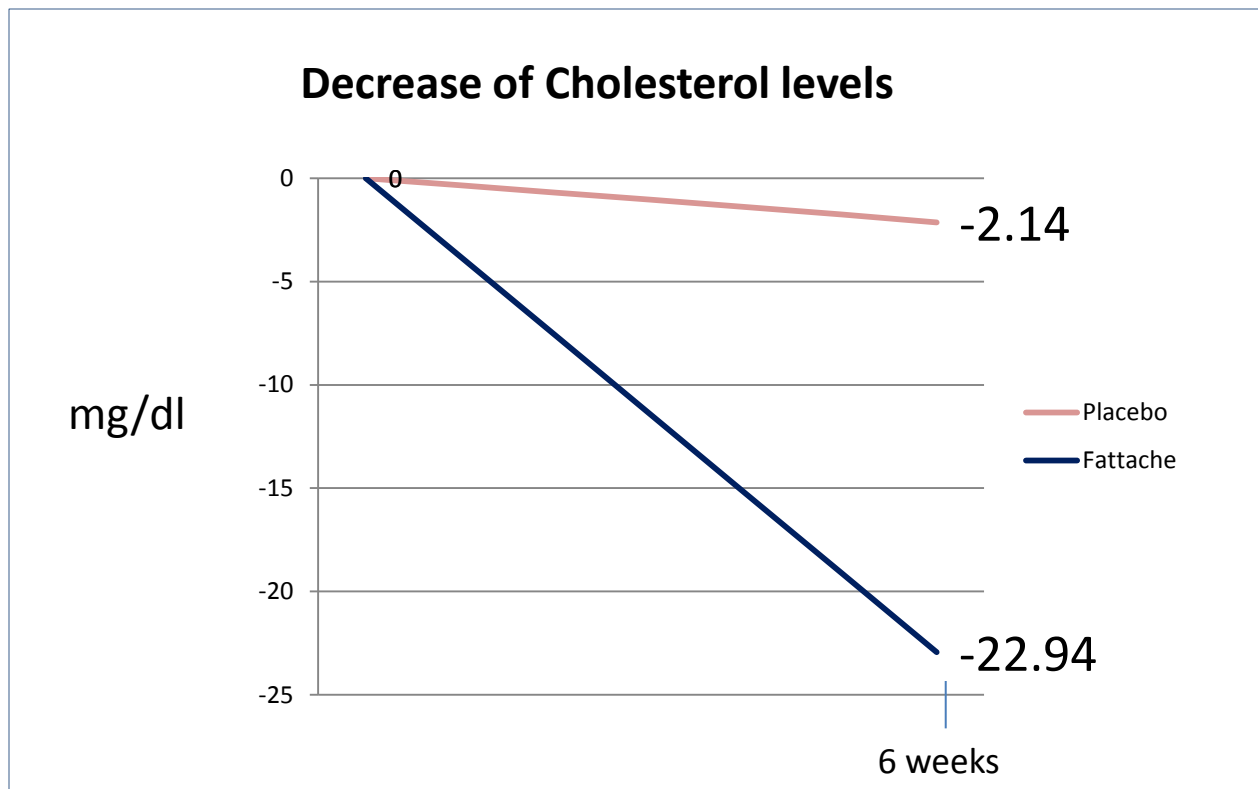

We are the natural alternative!

HDL

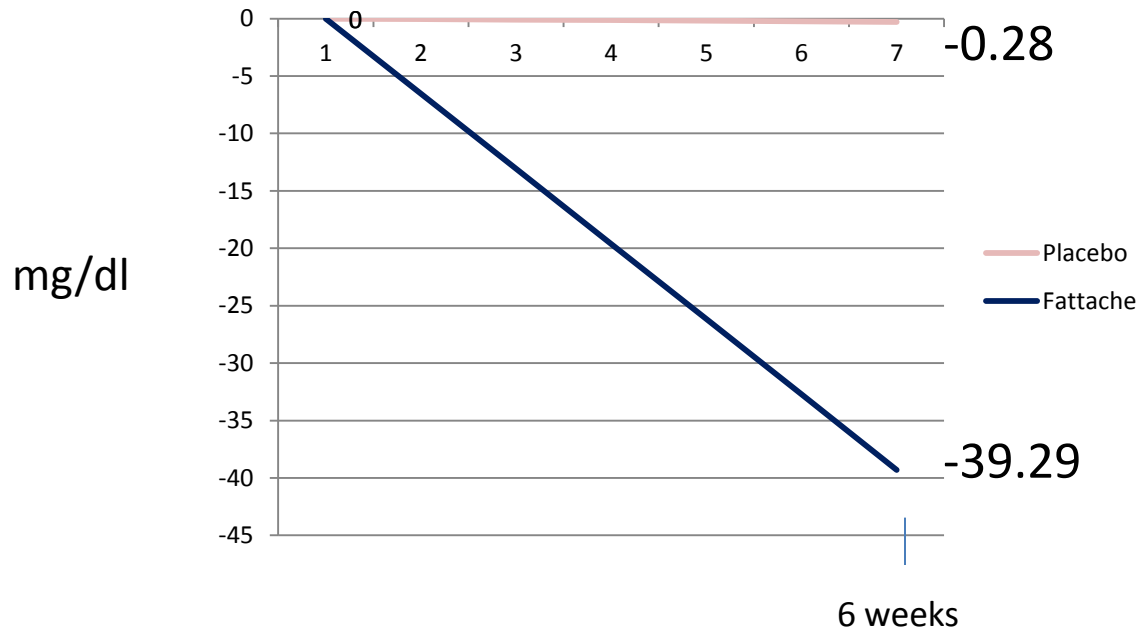

LDL

Lipo Control - Combination of fibers clinically proven to reduce Cholesterol and Triglyceride levels

Decrease of Triglyceride levels

LIPO CONTROL

Key Active Ingredients:

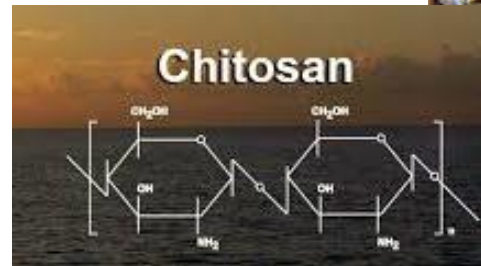

According to the clinical studies we can say that each ingredient helps with the following:

PSYLLIUM SEED (HUSKS): fiber that helps to decrease risk of coronary disease.

CHITOSAN Helps to decrease the Cholesterol and Triglyceride levels in the blood.

KARAYA GUM. Helps to eliminate excess fat consumed with food.

APPLE PECTIN Helps to reduce Cholesterol levels in the blood.

LIPO CONTROL
